2024 GRAND MARSHAL

Painted Hills Natural Beef

In the mid-1990's a group of ranchers in Wheeler County, Oregon started meeting to talk about the challenging cattle markets they were trying to navigate. They were frustrated with the fact they were raising quality cattle but getting low prices for their hard work. Beef found in the grocery case was inconsistent and did not reflect the effort being put into their herds.

Meeting in living rooms around Wheeler County for about two years, seven of those ranching families decided to take action in 1997 and Painted Hills Natural Beef was formed. Original members were Merten and Glenda Homer, David Hunt, Bryce and Peg Logan, Pat and Joanne Keys, Dan and Kim Domenighini, Bill and Judy Potter, and Thom Mauritson. A few years later, Bill and Judy retired from the business

and Will and Gabrielle Homer took their place.

Our company quickly became known for its quality and consistency. Stores were pleased with the personal service of ranchers who walked in their door to help sell beef and visit with their customers. If there was a problem, typically it was one of the ranchers that picked up the phone or walked in the door to address the concern. Consumers purchasing in the store appreciated being able to speak directly to the ranchers and tasting the high-quality beef during store demos. Our first slogan "Beef Like Grandpa Used to Raise" came directly from these interactions.

Over the years we have been blessed with so many employees that it would be difficult to recognize them all. They each left their mark on the company to varying degrees, and we are so grateful for them all. Today the company is managed day to day by Will and Gabrielle, with employees (in order of hire date) Scott Mertens, Tracy Lewis, Micha Urbach, Melissa Carnine, Holly McDermott, Lisa Green, and Catherine Espinoza.

Through all of the successes and challenges, the company has remained committed to providing jobs in Wheeler County and supporting our surrounding communities in as many ways as possible. This includes caring for a 2-mile stretch of Hwy 19 doing regular highway clean-up. We also frequently donate product, materials and time to area food pantries, school activities, community fundraisers and non-profit organizations. We strive to represent our area well in all we do.

Painted Hills Natural Beef is honored to be chosen as the Grand Marshal for the 2024 Wheeler County Fair. Our participation is in loving memory of Joanne Keys; we will forever value the importance of her efforts to the company, the fair, and our communities.

DIVISION J

AGRICULTURE

Open Class
Superintendent - Terri Hunt

Open to Wheeler County Residents ONLY

All exhibits must be entered, tagged and in place, in their buildings by 7 PM, Wednesday of Fair Week. Agriculture exhibits must have been grown in Wheeler County, and they MUST be viable.

HINT: To prepare an attractive display, consider the following when you select and prepare vegetables for fair:

- **Trueness to type**-specimens should be typical of the variety in shape, color, and size.
- **Quality and condition**-specimens should be edible, in prime condition, and free from blemishes or damage from insects, disease, or handling. Specimens with deepest color are preferred.
- **Uniformity**-specimens should be alike in size, shape, color, texture, and stage of maturity.
- **Size**-contrary to popular opinion, large entries do not have a competitive edge over other entries (except for special entries such as largest pumpkin, watermelon, or head of cabbage). Medium-sized specimens are more typical of a variety and most desired.
- **Cleanliness**-dirt detracts from the natural attractiveness of vegetables and conveys an unfavorable impression to the judges and the public. Wipe cucumbers, tomatoes, pepper, and other soft skinned vegetables with a damp cloth. Wash or lightly brush soil from potatoes, carrots, and beets. Clean leafy vegetables such as Swiss chard by dipping in cool water.

IRISH SODA BREAD

Ingredients:

3 ½ cups all-purpose flour
¾ teaspoon salt
¾ teaspoon soda
1 ½ cups buttermilk

Instructions:

Preheat oven to 450°F. Line a baking sheet with parchment paper and set aside. In a large mixing bowl add the flour, salt, and baking soda. Whisk to combine thoroughly. Using a wooden spoon, make a well in the center of the dry ingredients. Add the buttermilk to the dry ingredients in the well. Use the wooden spoon to gently stir the ingredients together, starting at the center of the bowl and slowly working outward. The dough will be very shaggy, that's perfect. Lightly flour the work surface, then pour the dough out onto the surface. Use your hands to gently knead the dough about four (4) times, until it comes off your hands to shape into a round loaf. Transfer the loaf to the prepared baking sheet. Lightly sprinkle the top with flour. Use a sharp knife to slash an X on the top of the dough. Transfer right away to the oven and bake for 15 minutes. Lower temperature to 400°F, rotate the pan 180 degrees in the oven, and bake for an additional 25-30 minutes, until deeply golden brown. Allow to cool at least 20 minutes.

*****Enter one loaf on paper plate or covered board.***
